

What defines us is
CALIBRE.
 What defines you?

Commitment, passion, panache... It's what we at Bodyline bring together; the highest calibre of people, products and services. We create the best combination of innovation, quality and dedication to manufacture highly differentiated Intimate apparel and performance-wear to the most prestigious brands in the world such as Victoria's Secret, Triumph, Pink, Lane Bryant, Marks & Spencer and Nike.

Bodyline is a joint venture between MAS Holdings (Sri Lanka), MAST Industries (USA), and Triumph International (Germany), with an annual turnover of US\$ 100 million. With 7000 associates, Bodyline has been felicitated locally and globally in all spheres - Productivity, Quality, Human Resource Management and Innovation.

We are on the lookout for **dynamic individuals** who will redefine the future of the apparel industry. Come join us... Let your calibre define you.

Business Manager

You will be responsible for the business growth and retention of our customer accounts through service excellence and exceptional customer relationships. You will manage the overall performance of our customer value chains by implementing strategies to achieve account-specific business goals.

You will hold a Degree or relevant professional qualification with 3-5 years experience in a similar capacity. Good analytical and communication skills are essential. Knowledge of SAP will be an added advantage.

Account Executive

As the link between the company and our customers, your key accountability is to manage the production/customer schedule and the Order Execution Process from beginning to end. You will ensure on-time delivery of orders and coordinate between internal and external teams to meet customer expectations.

Procurement Executive

As the link between the company and our suppliers, your key accountability is to build and maintain strong supplier relationships. You will determine optimum order quantity, place orders and ensure on-time material availability for production through effective follow up.

You will hold a relevant Degree/Diploma or professional qualification with a year's relevant experience OR have minimum 4 years work experience in a similar capacity for the above two positions. Knowledge of SAP will be an added advantage.
