

QA Lead

Eurocenter DDC is a CMMi Level 3, ISO 9001:2008 and Microsoft Gold Certified Software Engineering Company with offices located in Colombo, Sri Lanka and Oslo, Norway. A BOI approved company having earned high international recognition since its inception in 2000, Eurocenter DDC delivers high-end custom engineered, high quality software engineering services to its global clientele and has established a strong foundation of customers within multiple businesses and cultural environments.

We are currently on the lookout for a QA Lead who will be a member of our dynamic team. He/she should be a good team player and also be an efficient, analytical and resourceful individual with solid experience and a proven track record in Quality Assurance and Testing practices. The candidate must also be an effective communicator, a self-starter and an individual who is able to work with minimum supervision.

Job Requirements:

- A Bachelors Degree in Computer Science / Engineering or equivalent
- 5+ years working experience in Quality Assurance Testing with a sound knowledge of QA processes including test estimations, test planning and reviews
- Strong leadership skills
- Technical exposure in the QA domain
- Exposure to agile testing methodology
- Knowledge and experience on test automation will be advantageous
- Being certified in the QA/Testing domains will definitely be advantageous
- Excellent communication skills in both written and verbal English

As we cater to the European market the successful candidate will be required to interact with our European customers and should be willing to travel overseas at short notice. He/she will receive a competitive remuneration package on par with industry standards along with other fringe benefits.

If you are confident that you are the ideal candidate for this position, e-mail your resume with details of two non-related referees and a recent photograph of yourself to careers@eurocenter.lk, stating "QA Lead" in the subject line within 10 days of this advertisement. Only shortlisted candidates will be notified.

Excellence is but our Standard of Success

Excellence is an attitude, it is the drive that makes you want to chase satisfaction, it is what makes you harness the best in you, it is what moulds you into perfection. For us at MAS, it is also our set standard of success. Question is, is it yours?

MAS Intimates is Sri Lanka's largest exporter powered by a team of 15,000 exceptional individuals with a USD 300 Million revenue. We work with the leading lingerie brands of the world such as Victoria's Secret, Marks & Spencer, GAP and Chico's managing state-of-the-art design centres and exceptional manufacturing units. We are the intimate apparel arm of MAS Holdings, the USD 800 Million global apparel manufacturing company.

We are now looking for a dynamic individual to overlook the engineering aspects across five of our MAS Intimates facilities, and if excellence is what you measure your success by, this is you calling.

Engineering Manager

You will ensure operations are facilitated seamlessly with adequate engineering aid across five plants in Pannala, Kuliyaipitiya, Mawathagama and Pallakele. You will work with plant engineers to implement total productive maintenance, allocate and coordinate resources for production to meet deadlines and minimize machine breakdown time. Planning and strategising for expansions in capacity and introduction of new technology will be your responsibility. You will ensure strict standards are maintained in the plants with required policies and procedures. You are also expected to deliver organizational targets on energy and resource efficiencies year-on-year.

You will hold a Mechanical / Electrical Engineering Degree with minimum 5 years experience as an Engineering Manager in a large scale facility. Exceptional team motivational and management skills as well as good communication skills is a prerequisite. Exposure to Lean Manufacturing will be an added advantage.

Submit your application with a digital photograph and names and contact numbers of two non-related referees within 10 days of this advertisement at:
