Join the World of Hayleys

Dipped Products PLC

Dipped Products PLC and its subsidiary companies are ranked amongst the world's leading manufacturers of rubber gloves. The company operates manufacturing facilities in Sri Lanka and Thailand as well as a marketing company in Italy.

AUTOMATION ENGINEER

Dipped Products PLC seeks a dynamic, results-oriented individual to be recruited as Automation Engineer.

You will be responsible for the design, development and implementation of process related engineering automation improvements and the execution of the engineering aspects of development projects from feasibility evaluation to implementation.

You would possess a BSc Degree in Engineering, specializing in mechatronics, mechanical or electrical engineering and be conversant with the design and modification of PLC control systems including PLC programming skills. The knowledge of SCADA, robotics, motor drivers as well as proficiency in hardware and software design and troubleshooting are required. Proven ability in design and implementation of process control systems, mechanical and electrical distribution is also vital for success in this position. A minimum of 10 years' relevant experience is required whilst those with experience in paint and FMCG manufacturing industries would be at an advantage.

With strong analytical skills, you would possess excellent communication and interpersonal skills and the ability to work well in both team-oriented and self-directed environments. The upper age limit for this position is 45 years.

If you think you have what it takes to be successful in this challenging role, please apply within 10 days of this publication by email to jobs@dplgroup.com or by post to Manager - Human Resources, Dipped Products PLC, 400, Deans Road, Colombo 10 indicating the position applied for on the subject line of the email or on the envelope.

The remuneration plan for the above position is competitive and the rewards are performance driven.

Influencing will not have any bearing on the selection process, which is merit based.
