

# **Rise with us**

## **to the heights of success**

Lumiere Textiles Ltd., is a new state-of-the art knitted fabric manufacturing facility in the Biyagama ETZ and a BOI project with an investment of Rs. 1.8 billion. Having plans to become the first “Green Textile Mill” in Sri Lanka with 100% local investments, it will supply fabric for garments to be marketed by world-renowned retailers.

The company is on the look-out for a dynamic individual to fill the following position.

### **Planning Manager**

- Degree in engineering, mathematics / physical science or related field
- Minimum of two-year hands-on experience in a manufacturing environment
- Age limit – below 40 years preferred
- Should be highly energetic and self-motivated
- Ability to work in a challenging & demanding work environment to execute a production plan to ensure on-time delivery to customers
- Strategic and creative thinker who can translate production data into an effective plan and continually improve the system for better results

The selected individual can expect an attractive salary above industry standards and a host of other fringe benefits along with the opportunity for career growth with the company.
