

the SUNDAY TIMES Employment

WE NEED THE BEST OF THE BEST !!!

We are the fastest growing and successful Industrial Tyre manufacturer in Sri Lanka. Our business consists of exporting industrial tyres to over 40 countries. We are looking for a suitably qualified and experienced high caliber candidate to fill the following position in our factory located at Badalgama (WP) immediately.

GENERAL MANAGER - MANUFACTURING

Applicants should possess multi-disciplinary skills and should have at least 10 years of manufacturing experience, with a minimum of 3 years in a similar capacity at a reputed industrial organization.

Minimum requirements:

- Professional engineering qualifications together with an MBA.
- Good organizational skills, leadership, communication and report writing skills.
- Ability to plan, formulate, direct the total operation of the production plants.
- Ability to improve and develop the total production processes
- Skills in managing time lines, work priorities and allocating resources to the assigned targets and organizational goals.
- Experience in preventive maintenance systems for heavy machinery will be an added advantage.
- Experience in the Toyota Production System (TPS) and Lean Management, should have the ability to implement an effective Manufacturing System along with lean leadership
- Candidates with skills and exposure on Manufacturing Excellence will be given preference.

Previous experience in a rubber based industry will be a definite advantage.

Applicants from non-manufacturing back grounds will not be considered for interviews.

Applicants should be aged between **35 - 40 years** and should have the ability and patience to perform under pressure to achieve the corporate objectives.

Salary and perks will be extremely attractive and negotiable and will be in line with the skills and abilities of the selected applicant.

If you consider yourself suitable for this position, please send your comprehensive CVs with names of two non related referees and your contact phone number to reach us within 14 days of advertisement by mail or email to careers@amaseuro.com.

work in an environment of infinite possibilities

Brandix has been conferred as Sri Lanka's largest apparel exporter. Brandix employs over 42,000 associates directly, while generating indirect employment to an equivalent number. The Group is supported by over 38 manufacturing facilities in Sri Lanka backed by strategically located international sourcing offices. Being the pioneer in eco-friendly apparel manufacture, Brandix is a preferred solutions provider to some of the world's leading apparel and retail brands. We are seeking qualified and competent persons to train our executive level staff and manage the testing laboratory at the Brandix College of Clothing Technology.

Manager – Textile Testing

● The Job

Your primary responsibility would be to guide your team towards achieving the set targets in the laboratory. Sound knowledge on Textile Testing standards and the ability to effectively interpret test results of Marks & Spencer and AATCC is a prerequisite. You will expand the current business in the context of obtaining new accreditations and covering a large spectrum of Textile Testing.

● The Person

You are a Science graduate or a Textile Technologist with an Associateship of the Textile Institute, UK. You should possess a minimum of 5 years' experience in the textile / garment industry with at least 3 years' in textile testing or fabric sourcing. A sound knowledge in Marketing would be a distinct advantage. You should possess the capacity to prioritize your tasks and responsibilities effectively.

Training Executive – Work Study

● The Job

Your key responsibility would be to develop a curriculum to meet industry demands and conduct training on work study. You will need to identify resource people and manage the administration of relevant examinations. Student recruitment and conducting practical sessions on work measurement will be part of your responsibility.

● The Person

You should possess a Degree or Diploma in Textile/Clothing Technology with a minimum of 5 years' experience in the clothing industry. A sound knowledge on work study/method study, production planning and garment costing is a prerequisite. A minimum of 3 years' in the field of work study and the Diploma of the IMS (SL) will be a distinct advantage. You should possess sound language and interpersonal skills. You must be a team player with a passion to teach, train and develop people.

Please send your applications within 7 working days of this publication, along with the names and contact details of two non-related referees to:
