LITRO GAS LANKA LIMITED VACANCIES

Litro Gas is the largest importer and supplier of LP Gas in Sri Lanka. We operate the country's only import terminal and filling facility which has the capacity to cater to the LPG needs of the entire Island. The Company is the oldest gas supplier in the country and has comprehensive coverage through an island wide network.

As part of the programme to strengthen our talent base and to enhance further our capabilities in supply and distribution, we are looking for results oriented self motivated individuals to fill the following positions:

I. Supply and Distribution Manager

The role responsibilities include liaising with international suppliers of LPG for scheduling of supply ships and managing the LPG supply contract and delivering a secure product supply to the filling plant and Bulk customers through professional fleet management including maintenance and driver management through contractors.

The ideal candidate will have a good academic record, a high level of integrity and a willingness to learn and work in a performance based culture. He/She will meet the following requirements:

- A good Bachelors Degree in Engineering from a recognised University
- Engineering and Management experience of 8 to 10 years
- Experience in management of Road transport operations is an advantage
- Exposure to maintenance of heavy machinery and vehicles
- Good Analytical and trouble shooting skills
- Good communication skills with ability to listen and communicate with all levels of staff
- Ability to relate to and work with diverse individuals
- Demonstrated leadership ability
- A good understanding and working knowledge of Health, Safety and Environment practices including work permit procedure will be an advantage

II. Engineering Assistant

The role responsibilities include the supervision and coordination of transport maintenance personnel and service contractors, scheduling of maintenance and ensuring the quality of work performed.

The ideal candidate will have the following:

- Successfully completed a three to four year course in automobile mechanics/heavy machinery maintenance at NAITA/ICTAD or similar institute.
- More than five years experience in the maintenance of heavy transport vehicles at supervisory level including supervision of mechanical and electrical maintenance staff in a reputed organization.
- A strong people/supervision skill.
- Sound planning skills.

Competitive remuneration packages including a performance based reward system is on offer to the right candidates.

Applications with detailed curriculum vitae including non-related referees should be sent within 10 days of this advertisement, addressed to:

Human Resources Director,
Litro Gas Lanka Ltd.,
270, Union Place,
Colombo 02.
